easyPilot Duplex

Duo-Cam Locking System for Casement Windows

The new easyPilot Duplex locking system from Winkhaus, with up to 6 locking points, is the latest development in the renowned range of Multi-Point Locks from one of the World's largest manufacturers.

With over 150 years of experience in producing locking systems for the World market, Winkhaus is a market leader producing innovative security solutions to meet the challenges of today's rapidly changing security requirements.

Features:

- Robust central gearbox for strength and ultra smooth operation
- Forged steel, opposing action adjustable mushrooms for maximum strength
- Reverse action mechanism pulls the two locking mushrooms together creating a claw effect within the profile related keep.
- Uses the existing range of Winkhaus mushroom keeps and is compatible with other major brands.
- Winkhaus 'silver' corrosion resistant plating to Grade 4 BSEN 1670 European standard.
- Exceeds the requirements of BS7950: 1997 security standards by 50%
- 10 Year warranty as standard plus House Insurance excess compensation in the unlikely event of a successful forced entry

This product has also been designed for rapid installation in the window and no assembly or cropping is required.

Technical Details:

- 22mm backset
- 4 standard sizes in range 350mm to 1000mm (other sizes to order)
- Non-handed
- 17mm travel steel mushrooms
- Gasket pressure adjustment via 4mm Allen key
- 16mm faceplate
- Standard handle fixings
- 7mm or 9mm mushroom height
